CBC Building Maintenance Position

Job Description:

Building Maintenance duties include routine cleaning, repairs, inspections, and preventative measures for various systems like HVAC, plumbing, electrical, and structural components.

The ideal candidate will have:

Knowledge of:

- The methods and practices of general building or facility maintenance
- The specific trade area associated with the duties of the position
- Tools and equipment associated with the tasks of the position
- Building construction

Ability to:

- Work from ladders, scaffolding, or in confined areas
- Stand or bend over for extended periods of time
- Communicate information clearly and concisely
- Read and follow label directions or instructions
- Read and understand blueprints and drawings
- Operate tools and equipment
- Deal tactfully with others
- Lift 50 pounds or more
