

# CBC Missions Committee Report

November 2022

**Proverbs 22:6      Train up a child in the way he should go, even when he is old he will not depart from it.**

**Hebrews 5:14      But solid food is for the mature, who because of practice have their senses trained to discern good and evil.**

Community Bible Church's mission conference main theme this year was how educating our brothers and sisters in the Word thru training, spreads the gospel, and brings honor and glory to God our Father. Our missionary speakers gave us insight into how schools work to share the gospel and bring Christ closer to believers, how training pastors, in Africa, to stay true to God's Word is important.

A new part of the mission's conference was a youth event. Around 20 youth participated in learning about missions, specifically in Afghanistan, and the need for the gospel there.

Throughout the year we heard from missionaries whom Community Bible Church supports. In March we heard from Missionary Hall who serves in Mauritius. In July, Missionaries Lott who are retired from the mission field (they were very thankful for our support) and Missionaries Buamann who recently have a new assignment in Thailand, gave reports to the congregation.

Also this year we have sponsored four Haggai graduates.

The TV is on the mission's map wall and will soon be up and running with other missionaries that the church supports.

This will be my last year a chairman for the mission's committee and I wish to thank the congregation for allowing me to serve in this capacity.

In Christ,

Rick Vallery
