As many of you know Hazel, John and Maren Reiner's daughter, is in the NICU at the Children's Hospital in Minneapolis. Hazel is making very good progress, but she will continue to be in the hospital for an undetermined time. Therefore, we are having a love offering over the next four weeks to help ease the burden of the Reiners family while Hazel is in the hospital. If you feel led, please indicate on your gift that it is to go to the Reiners family. Please continue to pray for the Reiners family during this difficult time.

Jonathan and I would like to give special thanks to Chris Jundt, Roberta Hofeldt, and Gaye Granville for hosting a baby shower for our soon to arrive baby Egge! Thank you all who have showered us with love and wisdom as we get closer to the day. We are excited and can't wait to introduce our baby Egge to CBC! ~ Amanda & Jonathan Egge

WHAT WE BELIEVE

~ That Jesus is the Son of God who became a man to die for the sins of the whole world; He was raised from the dead and ascended back to heaven; He is coming again. (1 Cor 15: 1-8)
 ~ That the Bible is the inspired word of God and is the only authority for our faith (what we believe) and practice (how we are to live). (2 Tim 3:16) ~ That every person has worth as a creation of God, but that all have sinned and fallen short of the glory of God. (Rom 3:23) ~ That forgiveness of sins, the promise of eternal life and an abundant life are available to those who believe that Jesus Christ is Savior and Lord. (Jn 3:16) ~ That those accepting Christ shall repent of sin, confess faith, and be baptized into Him. (Rom 10:9; Acts 2:38) ~ That the Church exists to provide for the spiritual growth of the people and to see that the Gospel is preached to everyone. (Eph 4:1-16) ~ That Jesus Christ will one day return to earth and reign forever as King of kings and Lord of lords. (1 Thess. 4:13-18)

“MEMBER SPOTLIGHT”

The Universe

For years prominent scientists held the belief that the universe was infinite and eternal. They used this notion to argue against the existence of a divine creator. More recently, many lines of new scientific evidence have emerged proving that our universe had an abrupt and finite beginning. In fact, we now know it has expanded from a single point. This discovery has sparked much speculation about the cause of this incredible event.

A cause is needed due to the rational thought experiment known as the Kalam argument. It goes like this: everything that begins to exist has a cause. The universe began to exist. Therefore, the universe must have a cause. Atheists, who generally attribute the existence and workings of the universe to random natural processes, have a hard time explaining this. Why? Because if we trace back in time, we encounter a point where the fundamental elements of nature like space, time, matter, energy, and physical laws don't exist. The very things they say are the cause of all we see and know can't cause themselves.

All we observe and can measure in this universe, from living organisms, to scientific laws, to the construction of the cosmos, exhibit an exquisite complexity, order, calibration and elegance that defies natural explanation. Our observations are better explained by an unbelievably intelligent and powerful designer who created these things for a purpose. God.

An objection often raised is, “If God caused the universe, what caused God?” Nothing. The Bible beautifully describes God as infinite and transcendent. (Isaiah 57:15, Psalm 139, Jeremiah 10:10-23, John 1:1-5) He is eternal and exists outside of time, space, and matter. He needs no cause. He is the great “I AM.”
